You're fourteen  
I am 32  
You are fourteen, I am thirty two  
I can be your teacher  
I can be your doctor  
I can be your play-mate  
I can be your father  
I can be whatever I like  
I can be love  
I can be hate  
I can be sex  
I can be your date  
I can be your fate  
What ever I want  
I can protect you  
From everybody else  
You will be mine  
Filled  
Protected  
Inspected  
You are mine  
Fourteen  
Thirty two  
Me and you  
You and me  
14  
32
