Walking talking
Talking with you
I believed the whole time through
I took in your words
Without a doubt
And now the truth comes out

My eyes are bleeding
In the corner
As I crouch on to the floor
Thinking of why you
Why you don't love me
Why don't you love me anymore

I loved you
And fell for you
The whole time you knew
I'm crying
Cuz all your words weren't true
And I fell for you

When I was with you
So many fights occurred
But now I get
Get the last word

I missed you for the first few days
Cried a while
But I must force myself to smile
Cuz it's just another thing
Just another thing
Just another thing I hate about you

My eyes are bleeding
In the corner
As I crouch on to the floor
Thinking of why you
Why you don't love me
Why don't you love me anymore

I loved you and fell for you

The whole time you knew
I'm crying cuz, ' all your words weren't true
And I fell for you

When I was with you
So many fights occurred
But now I get
Get the last word

My eyes are bleeding
In the corner
As I crouch on to the floor
Thinking of why you
Why you don't love me
Why don't you love me anymore

I loved you and fell for you
The whole time you knew
I'm crying cuz, ' all your words weren't true
And I fell for you

When I was with you
So many fights occurred
But now I get
Get the last word
