You're here
With nowhere left to go
With nowhere left to go
You feel
Your facing is alone
Your facing is alone

So I'm singin this for You
Yeah, I'm singin this for You
So You don't have to

Is there something to live for?
Tell me it's something to live for
Cause I don't have more

You feel
There's nothing left to say
There's nothing left to say

You feel
You slowly fade away
You slowly fade away

So I'm singin this for You
Yeah, I'm singin this for You
So You don't have to

Is there something to live for?

Tell me it's something to live for
Cause I don't have more

Is there something to live for?
Tell me it's something to live for
Cause I don't have more

So I'm singin this for You
Yeah, I'm singin this for You
So You don't have to

Is there something to live for?

Tell me it's something to live for
Cause I don't have more

Is there something to live for?
Yeah, is there something to live for?
How could you need more?

And now
It's everywhere to go
It's everywhere to go
