Won't you sow,  
Some light in here,  
The faintest glow,  
Is getting near

And I, I will light up your eyes,  
I will light up your eyes,  
I will light up your eyes,  
I will light up your eyes

And I won't go,  
Until I see,  
The faintest glow,  
Is enough for me

Cos I, I will light up your eyes,  
I will light up your eyes,

I will light up your eyes,  
I will light up your eyes

I will light up your eyes,  
I will light up your eyes,  
I will light up your eyes,  
I will light up your eyes

I will light up your eyes,  
I will light up your eyes,  
I will light up your eyes,  
I will light up your eyes
