What was it you said?  
I've got to hold someone?  
Or even show a little love?

It's plain to see,  
The walls are closing in for you and me.  
I cannot help it if I'm taking the wrong way?  
I'm taking the wrong way down.

Remember what I said?  
I've got to lean on someone.  
So show a little love.  
And you know what I meant?  
You've got to show a little love before...

It's plain to see,  
The walls are closing in for you and me.

I cannot help it if I'm taking the wrong way?  
I'm taking the wrong way down.

You've got to bring me round.  
You've got to beat some sense back.  
To show a little love.  
So bring yourself around.  
And take another shot,  
When I'm down...

It's plain to see,  
The walls are closing in for you and me.  
I cannot help it if I'm taking the wrong way...  
We're taking the wrong way down...
