I fall apart, for no one,  
I fall apart, for no one,  
Cos I've been smart.  
For too long,  
Yeah I've been smart,  
For too long

I was lying,  
I pretend to live alone,  
I was lying,  
I pretend to face the end

And who knows,  
Just how long,  
And who knows,

How long

And I suppose,  
I could be wrong,  
Yeah I suppose,  
I'm not that strong

I was lying,  
I pretend to live alone,  
I was lying,  
I pretend to face the end

I was lying,  
I pretend to live alone,  
I was lying
