My friend said you gotta ride the lightning
Move on up, make it frightening
Oh, oh, yeah, yeah, yeah

A soft shock on a summer night
It'll be the kind of music that everyone likes
Oh, oh, oh, yeah, yeah, yeah

Make it a club hit we can all dance to
We don't give a shit what it's about
(They say we're too young to kill)
Make it a pop song so we can sing along
Sing along
[x2]

We're rock 'n' roll, we're the boogie children
Kid's idols today make a hundred million
I bought a helicopter just so I could make it rain

You're in your car with your BFFFs
The future's bright, there's still something left
Here comes the sun do-do-do-do

(They say we're too young to kill)

Make it a club hit we can all dance to
We don't give a shit what it's about
(They say we're too young to kill)
Make it a pop song so we can sing along
Sing along
[x2]

You'll be the leader of the pack
Wolves always at your back
Write yourself a swimming pool
You got the whole world in your hand

Make it a club hit we can all dance to
We don't give a shit what it's about
(They say we're too young to kill)
Make it a pop song so we can sing along

Sing along
[x2]
