"Beer Drinking Baby"

I've got a beer drinkin' baby, well she drinks both night
and day

I've got a beer drinkin' baby, well she drinks both night
and day

Well she's never satisfied till she uses all my pay

She drinks beer in the morning, beer in the night,
Come home raises hell, all she wants to do is fight
She's my beer drinking baby, well she drinks beer all
the time

She drinks beer so often I'm afraid I'll go stone blind

(solo)

When she walks the streets all night, up and down 7th
Avenue

Drinkin' that wine and beer till she don't know what to
do

She's my beer drinking baby, well she drinks beer all
the time

Well she drinks beer so often I'm afraid I'll lose my
mind.
