Pink Friday Barbie:

I smoke with the stars in the
Skies I am no longer tryna get high I
Believe that life is a prize but smoke
Doent mean you alive
Don't worry bout me me and what I smoke I
Get what I desire it's my empire and yes I smoke a lot
I am the umpire
I sprinkle that coke on my finger
In this very moment I smoke
In this very moment I smoke with Goliath the king
And this very moment I smoke
And I will retire with the coke yes
No I am not crazy I am yes
Clap for the crack head baby me
But I couldnt do it all alone we
My crack family raised me grew up out in brunswick
South side New Jersey and it's crazy
I was always hood them undruggies couldnt change
me
Shout out to my hatas sorry you couldnt faze me
Aint beibg cocky we just like to smoke
Best believe that this moment will be smoked up
I know
This night just remind me of everything I done smoked
up
P-p-p put your smokes up
It's a celebration of everything we done smoked
We done smoked up everything they could smoke up
G-Greatness is what we gonna smoke up

Chorus:

I wish that I can have this moment to smoke, to smoke,
to smoke
Cause this is my moment I just feel so high, high, high
I wish that I could have this moment to smoke, to
smoke, smoke
I could have this moment X3
