I look at the TV
Everybody's going crazy right in front of me
From the talk show to the cop show to the news
Now I choose my poison with my own remote control
There's no control

Everyone I see is sinking
Getting deeper in my water-they don't know
The ship's about to go
But I don't wanna go

Now I see this
world was never meant to be
My true affection
So as it seems I
Never fear for you are still
You're my protection

I'm never gonna go
Down with the ship
I say you and me could find a better way
To get to the shore
I don't care what anyone might

Down with the ship
I say you and me could find a better way
To get to the shore
I don't care what anyone might say
Cuz I don't wanna go

Sometimes up and I'm
Sometimes down but I
Got a Lifesaver
And I'm never gonna go

So as it seems I
Never fear for you are still
You're my protection

I'm never gonna go
Down with the ship
I say you and me could find a better way

To get to the shore
I don't care what anyone might

Down with the ship
I say you and me could find a better way
To get to the shore
I don't care what anyone might say

Cuz I don't wanna go
