If your body's in the zone
And your mind's lost in the moment
just let it all go
If you know that you want it sing
I'm feeling like
This feeling's right
lets go all night
yeah yeah yeah
I'm feeling like
This feelings right
Let's go all night
yeah yeah yeah

Ok let's go let's get it
Outfit fresh and the A's cap fitted
Body little loose off shots of that liquid
mind straight blown I'm feelin so gifted
I'm at bat, swingin for the fences
In an ambitious state so relentless
Dance floor's open girls all smokin
I'm tryna smack one out the park no jokin
I'm focused mindset straight party
School on my mind tonight? No sorry
I got better things to do, a few hotties
Up and and down all on my body
I'll be never ever stoppin
Flows endless gets a couple of them jockin
They settling down I wanna stay rockin
Tonights just one of those nights keep it poppin

If your body's in the zone (yeah)
And your mind's lost in the moment
just let it all go
If you know that you want it sing
I'm feeling like
This feeling's right
lets go all night
yeah yeah yeah
I'm feeling like
This feelings right
Let's go all night

yeah yeah yeah

Woo my vibe got 'em dumbfounded
Whos is this kid they say so astounded
I just like to get high on life
And I ain't tryna stop lets go all night
Thats how we do up in college
Life's just a party
sorry if its apallin'
But we ballin'
And I'm rappin'
Doing everything I couldn't imagine
Can you fathom
Can you picture it
20 years old just knocked out your bucket list
Never sleep no, and I'm loving it
Stayin up all night noctunal shit
yeah If there'e one thing I've observed
It's to live life up for all it's worth
And sleep gets in my way
So lets party til this night turns to day

If you're feeling like
This feeling's right
Let's go all night
Let's go all night
If you're feeling like
This feeling's right
Let's go all night
Go go all night
Go go all night
Go go all night
Let's go all night
If your body's in the zone (yeah)
And your mind's lost in the moment
just let it all go
If you know that you want it sing
I'm feeling like
This feeling's right
lets go all night
yeah yeah yeah
I'm feeling like
This feelings right
Let's go all night
yeah yeah yeah
