Visit "[Beg to Differ](#)" on MotoLyrics.com

Slow down Slow down
I lived a life with no regrets till you came around
(your lost I'm found)
You had a hold on me
But now it's slippin away

You used me
Never would I thought you'd try to
Lie and deceive me
I'm sure you thought I'd be easy
(you had a chance but now there's nothing
That you can call your own)

Why does it feel like
I have been the only one
Who stopped and swam
(Up the river)
If everything you said to me was a lie then
I really think (that I beg to differ)

No time I'm gone
You had your chance now let me show you the way
around
(your loss mine now)
I let you call it once
You'll never do it again

You fooled me
Once and then you should have figured

Now there's just one space
That you can fill but it's empty
(you'll never find a place that you can call your own
now)

Why does it feel like
I have been the only one
Who stopped and swam
(Up the river)
If everything you said to me was a lie then
I really think (that I beg to differ)

I'll never understand
I'll never understand
I'll never understand
(I don't fuckin understand why)

You used me
Never would I thought you'd try to lie and deceive me
I'm sure you thought I'd be easy

Why does it feel like
I have been the only one
Who stopped and swam
(Up the river)
If everything you said to me was a lie then
I really think (that I beg to differ)
I'm gone
