Visit "[Driven](#)" on MotoLyrics.com

Stop the man from endin' up with all the chips
So he can't promise him an only chance
To have the freedom that's been taken from me

You can try to lift your head, no
You ***** up with me, now live with the truth
Find a reason to lie, try

Seems like it hasn't been long
I've given so much, how could you hide?
You're sick with all the guilt, you're never forgiven
You try to wash it away, wash it away

Ask again, why, all the dreams I had are now left
broken
Punished for a wounded past
Afraid to wake and find reality breathin'

Why has life been taken from me?
I ***** up and now I live with the truth

With no reason to lie

I feel like it hasn't been long
I'm driven to keep myself alive
You're sick with all the guilt, you're never forgiven
You'll never wash it away, wash it away

How can you live with yourself?

Seems like it hasn't been long
I've given so much, how could you hide?
[Incomprehensible] you have your freedom for leavin'
'Cause you go wash it away

I feel like it hasn't been long
I'm driven to keep myself alive
You're sick with all the guilt, you're never forgiven
I'll never wash it away, wash it away

Stop dreamin'
