1st verse

Come along with me
On an acid trip
I'll take your mind
To a terminal bliss

You're bound and gagged
Ha! Ha!
Mother Fuckers laugh

You shouldn't have
Stayed with me last night.
Despise the reason,
She stayed the night.

I swear she screamed
She said so softly
"Rape"

2nd Verse

(pain) Days go by
They last so long
She's still tired
She wants to go home

I can't let her get away
I promise one day
She'll pray for me
To forgive me
For all I've done
"It ain't easy"
That's what she said.

Chorus

She screamed so softly
"Rape Me"
Don't hesitate
"Rape Me"
Don't hesitate

I love the pain
I love the pain

3rd verse

Disgusted with myself
With all the wrong
I've done
I can't imagine It was so much fun

It lasted so long
The trip went on and on and on

And then she said to me
"remember these words
I say to be"

I swear she screamed
She screamed so softly

Chorus

"Rape me, Don't hesitate"
"Rape me, Don't hesitate"
(fucking disgrace)

I love the pain I love the pain

Chorus

"Rape me, Don't hesitate"
"Rape me, Don't hesitate"
(Bitch)

I love the pain
I love the pain
I love the pain
