Don't run away
The gift of life is never promised for today
Why burn the page again
(Don't throw it away)
(Don't throw it away)
(Don't throw it away)
(Don't throw it away)
(Don't throw it away)
(Don't throw it away)
(Don't throw it away)
(Don't throw it away)

(Chorus)
Found my way
Through the eyes of hell
And now I found my faith
That I lost on the faithless

We try to change
But then we wait forever
Searching for a way
To turn the page again
(Don't throw it away)
(Don't throw it away)
(Don't throw it away)
(Don't throw it away)
(Don't throw it away)
(Don't throw it away)
(Don't throw it away)
(Don't throw it away)

(Chorus)
Found my way
Through the eyes of hell
And now I found my faith
From the things that I lost from the faithless

The burning ends, you come around
So step back for the answer
Lift yourself up slowly
It's taken everything

(Don't you throw it away)
The burning ends at least for now

So I resist, you go on, days are lost
Can't change a thing
Life hangs on for all days
But no real place to go but I forgive
Life hangs on

(Don't throw it away)
(Don't throw it away)
(Don't throw it away)
(Don't throw it away)
(Don't throw it away)
(Don't throw it away)
(Don't throw it away)
(Don't throw it away)

(Chorus)
Found my way
Through the eyes of hell
And now I found my faith
From the things that I lost from the faithless

The burning ends, you come around
So step back for the answer
Lift yourself up slowly
It's taken everything
(Don't you throw it away)
(Don't you throw it away)
