Time can take everything that surrounds you
You can break from everything that confines you
Some to trust, look in my eyes
I will guide you, so I say

Living to love could remind you
You can't know follow

What I say to you, take with you today
The pressure it brings, alone, alive to know
What I say to you, take with you today
You can't take the pain to live to know

You can't fake
Everything that reminds you
How you feel
Time will tell what's inside you

You can't know follow
You can't know follow

What I say to you, take with you today
The pressure it brings, alone, alive to know
What I say to you, take with you today
You can't take the pain to live to know

What I say to you, take with you today
The pressure it brings, alone, alive to know
What I say to you, take with you today
You can't take the pain to live to know
