I feel my life has been forsaken
And I've been taken by the storm for way too long
I sit here locked inside a hell that only you and I can live
Another war so far from grace
So wipe that smile off your face
(Stop, Coming at me, Coming at me)

[CHORUS:]

So go, now find yourself
You're selfish, condescending
You and me are now forever... (forever)
So go play God in someone else's life
'Cause you and me are now forever (forever dead)

I wear your burden like a stone
It drags me down, I'm sinking
I pray they're wrong, but lie there alone (So broken)
Stop, comin' at me, comin' at me, comin' at me

[CHORUS:]

So go, now find yourself
You're selfish, condescending
You and me are now forever... (forever)

So go play God in someone else's life
'Cause you and me are now forever (forever dead)

So go, now find yourself
You're selfish, condescending
You and me are now forever...

So go, now find yourself
You're selfish, condescending
You and me are now forever
(Forever)
So go play God in someone else's life
You and me are now forever
(Forever)

Forever dead, forever dead
(Forever)
Forever dead, forever dead

(Forever)
Forever
(Forever dead)
Forever
