I may have made some mistakes
That cost me more than my pride
But somewhere along the way
That part of me finally died
That part of me never tried
Some part of me still alive

Here in the bed that I made
Can't sleep 'cause my conscience
Keeps me awake, it keeps me awake

It's coming, no running away
Yeah, how bittersweet is karma
Now you've done it, you own it
Know that it's coming
Don't change for nothing
We all feel karma now

The clock never stops to breathe
The tears in the well, I cause, help me to see
There's no better place to be
Than right where you are
Until you go through the fall
Go through it all

It's coming, no running away
Yeah, how bittersweet is karma
Now you've done it you, own it
Know that it's coming but
Don't change for nothing
We all feel karma now

Yeah, how bittersweet is karma
Now you've done it, you own it
Know that it's coming
Don't change for nothing
We all feel karma now

Where do you think you can go?
Asking for help and the answer is no
What do you do when the karma gets started?
What do you think you can do?

Yeah, my karma's here, it seems
Always a step behind me

Yeah, how bittersweet is karma
Now you've done it, you own it
Know that it's coming
Don't change for nothing
We all feel karma now

How bittersweet is karma?
Now you've done it, you own it
Know that it's coming
Don't change for nothing
We all feel karma
All feel karma now
