Again I try and change my ways  
Something for some reason  
Takes me from you again  
Time nor season

I'm just burnin' for a reason  
Killin' myself with guilt, gave nothin', takin' all  
How my life has changed?  
Was it ever sacred?

Feel it  
Let it go  
I know  
I know, what you feel

Step down on the, the slivering snake  
Rescue yourself from the, the prick  
End it  
Make it fade

Can I get a witness?  
Can I get a witness from this rage?  
Everyday  
Suffocate from the pain

What the fuck can't believe what you said?  
Mutherfuckers out there don't even know me  
Gave nothin', takin' all  
How my life has changed

Feel it  
Let it go  
I know what you said

Step down on the, the slivering snake  
Rescue yourself from the, the prick  
End it  
Make it fade

Get up, get up, get up, get up, get up  
Get up, get up, get up, get up  
Get up, get up, get up, get up, get up

Feel it  
Let it go  
I know

Step down on the slivering snake  
Rescue yourself from the, the prick  
End it  
Make it fade

Step down on the slivering snake  
Rescue yourself from the, the prick  
End it  
Make it fade
