Visit "[Till Death](#)" on MotoLyrics.com

"morgan"

Fractured, slowly, closing on me

"lj"

The scars define the man

"morgan"

My world completely broken

"lj"

Devastating

"morgan"

Suffer now from your hand only

"lj"

Closed eyes and pray for life

"morgan"

Choke down the words you're spitting isolating now

"lj"

I separate my self
From all the filth and dread
I can't deny my faith no more

Chorus

Til death I separate myself
From all the filth and dread
I can't deny my faith here

Â“morganÂ”

And your no believer no one saw it coming
Cutting pieces finding nothing

Â“ljÂ”

The threat of sacrifice

Â“morganÂ”

My eyes completely open

“Ij”
Underneath it

“morgan”
Dead and empty barely human

“Ij”
The words that saved my life

“morgan”
No more war you will answer now

“Ij”
I can’t deny my faith no more
Til death I separate myself
I can’t deny my faith here.

“morgan”
and your no believer

“Ij”
I separate my self

“morgan”
And no one saw it

“Ij”

Til death I separate myself
From all the filth and dread
I can’t deny my faith here

“morgan”
And your no believer
