I'm gonna kiss you goodbye
I'm gonna walk out the door
I'm not gonna cry
I'm gonna do it this time
I'm gonna kiss you goodbye

But you make it so hard
I can't bare to be alone
All on my own in a world without us
You make me believe I'm all that you need
You meant to be mean
It's just the way that you are

I'm gonna kiss you goodbye
I'm gonna leave this behind
Everything I hate
Before it's too late I'm gonna kiss you goodbye

But you make it so hard
I can't bare to be alone
All on my own in a world without us
You make me believe I'm all that you need
You meant to be mean
It's just the way that you are

No one to tell me how to love
To tell me I'm not good enough
No one to control my mind
Make me walk a step behind
I have seen the world outside and I want to touch the
sky

But you make it so hard
I can't bare to be alone
All on my own in a world without us
You make me believe I'm all that you need
You meant to be mean
It's just the way that you are

I'm gonna kiss you goodbye
I'm gonna walk out the door

I'm not gonna cry
I'm gonna do it this time
I'm gonna kiss you goodbye
