Sir, I'm a bit nervous  
'Bout being here today  
Still not real sure what I'm going to say  
So bare with me please  
If I take up too much of your time,  
See in this box is a ring for your oldest  
She's my everything and all that I know is  
It would be such a relief if I knew that we were on the  
same side  
Cause very soon I'm hoping that I...

Can marry your daughter  
And make her my wife  
I want her to be the only girl that I love for the rest of  
my life  
And give her the best of me 'til the day that I die, yeah  
I'm gonna marry your princess  
And make her my queen  
She'll be the most beautiful bride that I've ever seen  
Can't wait to smile  
When she walks down the aisle  
On the arm of her father  
On the day that I marry your daughter

She's been here every step  
Since the day that we met  
(I'm scared to death to think of what would happen if  
she ever left)  
So don't you ever worry about me ever treating her bad  
I've got most of my vows done so far (So bring on the  
better or worse)  
And till death do us part  
There's no doubt in my mind  
It's time  
I'm ready to start  
I swear to you with all of my heart...

I'm gonna marry your daughter  
And make her my wife  
I want her to be the only girl that I love for the rest of  
my life

And give her the best of me 'til the day that I die, yeah  
I'm gonna marry your princess  
And make her my queen  
She'll be the most beautiful bride that I've ever seen  
I can't wait to smile  
As she walks down the aisle  
On the arm of her father  
On the day that I marry your daughter

The first time I saw her  
I swear I knew that I'd say I do

I'm gonna marry your daughter  
And make her my wife  
I want her to be the only girl that I love for the rest of  
my life  
And give her the best of me 'til the day that I die  
I'm gonna marry your princess  
And make her my queen  
She'll be the most beautiful bride that I've ever seen  
I can't wait to smile  
As she walks down the aisle  
On the arm of her father  
On the day that I marry your daughter
