Baby I love 2 love 2 love u, oh I
Baby I love 2 love 2 love u, so right
I will always choose you
Cause I don't wanna choose you
Cause baby I love 2 love 2 love u, oh I
Baby I love 2 love 2 love u, right

So not a day can go by,
Where I don't think of you
Real talk, I can't lie
You kinda got me stuck on crazy
There's no words to explain
What you do to me
You're my worrying babe,
You're my everything

I love you and I need you to know it, wuhu
You lift me up and you take me away, wuhu
Without you I'm hopeless,
Like a penny with a hole in it
And boy that's the reason I said

Baby I love 2 love 2 love u, oh I
Baby I love 2 love 2 love u, so right
I will always choose you
Cause I don't wanna choose you
Cause baby I love 2 love 2 love u, oh I
Baby I love 2 love 2 love u, right

Hey, can't eat can't sleep, for days
Oh I, when you touch me baby in so many ways
I can't deny it, all of this is yours
Nobody else can get it
Tell me what you want and baby I promise you'll get it

I love you and I need you to know it, wuhu
You lift me up and you take me away, wuhu
Without you I'm hopeless,
Like a penny with a hole in it
And boy that's the reason I said

Baby I love 2 love 2 love u, oh I
Baby I love 2 love 2 love u, so right
I will always choose you
Cause I don't wanna choose you
Cause baby I love 2 love 2 love u, oh I
Baby I love 2 love 2 love u, right
Hey, hey,
I love 2 love u right,
Hey, hey
Cause I don't wanna loose you
Cause baby I love 2 love 2 love u, oh I
Baby I love 2 love 2 love u, right

You give me such a wonderful feeling
I feel it deep inside, I get butterflies
Now I'm walking on the ceiling
Cause you take me high, whoa

Baby I love 2 love 2 love u, oh I
Baby I love 2 love 2 love u, so right
I will always choose you
Cause I don't wanna choose you
Cause baby I love 2 love 2 love u, oh I
Baby I love 2 love 2 love u, right
Hey, hey
I love 2 love u right, hey, hey
I love 2 love u right
