La la la, la la la, la la la la [x2]

Little girl, they try to bring you down, little girl  
How long till you fall and break apart, how long? (How long?)

No no, no no no, no no, no no no, no  
She's not letting go, no no, no no no, no  
(And all the voices sing)

[Chorus]

He said, she said, they are coming for you,  
Pick up your tricks and start running [x2]  
Cool kids, cruel kids, they are gunning for you  
Pick up your tricks and start running [x3]  
La la la, la la la, la la la la

New girl, and no one ever likes the new girl  
School yard, is gonna take your heart, school yard  
(school yard)

No no, no no no, no no, no no no, no  
La la la, la la la, la la la la  
And all the voices sing

[Chorus]

He said, she said, they are coming for you,  
Pick up your tricks and start running [x2]  
Cool kids, cruel kids, they are gunning for you  
Pick up your tricks and start running [x2]

Pick up your tricks and start running

Push the kids, make them cry,  
All the punks are singing now  
Cross my heart, hope to die, see the light

Run away, don't lose track,  
Faster than a heart attack,  
Give 'em hell, get 'em back [x2]

[Chorus]

He said, she said, they are coming for you,

Pick up your tricks and start running [x2]  
Cool kids, cruel kids, they are gunning for you  
Pick up your tricks and start running [x2]

Young kids, dumb kids, cruel kids, running for you, oh

He said, she said, they are coming for you,  
Pick up your tricks and start running [x3]  
La la la, la la la, la la la la
