it is no escape of his
emerging on a tender age
just to say that he wants her
and her nakedness is not
an invitation to her bed at night
she sleeps that way all the time

and he's wanting just to say:
would you listen up
and give half a chance to this young man?
and she's wanting just to say
can you break down all the barriers
walled up around me?

and the worst thing he can do
is leave when she asks him to
then they're equally alone

if you're wanting just to know,
the storybook, love letter is he writing still?
he'll wait for her for many years

she's still trying to explain
that her nakedness is not
an invitation to her bed

and she's playing games
and he's running away so many times
she knows how to throw a look
knowing just what to say
he shows up 4 a.m. and drunk
hey roll over you're in my way

just one more word before he calls it
i'm not here as a man, i'm here as a friend
i didn't come here to get laid
i'm just here to help you
why are you so afraid?
afraid, afraid, afraid, afraid?
casey the madison king
he'd do anything at all for their little girl
