There's a mark on my back
From my last heart attack
A whiskey mouth bottleneck card stack

There's a source, of course
She says, "It's whispering at night
Like air leaks from a tire
The truth outruns your lies"

If you jump track, thinkin' it's over, remember?
Sooner or later it's over your shoulder
Sooner or later it's over your shoulder
Sooner or later it's over your shoulder

I've got a big mechanic mouth
It resonates with sound
A forked metallic tongue
It's green with what it's found

Spin my head around
For a different view
You can't look straight ahead
To see what's in front of you

If you jump track, thinkin' it's over, remember?
Sooner or later it's over your shoulder
Sooner or later it's over your shoulder
Sooner or later it's over your shoulder

There's a mark on my back
From my last heart attack
A whiskey mouth bottleneck card stack

There's a source, of course
She says, "It's whispering at night
Like air leaks from a tire
The truth outruns your life"

If you jump track, thinkin' it's over
You jump thinkin' it's over, track remember?
Sooner or later it's over your shoulder
Sooner or later it's over your shoulder

Sooner or later it's over your shoulder

Sooner or later it's over your shoulder

Sooner or later it's over your shoulder

Sooner or later it's over your shoulder
