I'm gonna make my break  
Can a whole life be rearranged?  
The only chance I have  
To keep her safe

Lay me down tonight  
With your broken heart  
Baby wants results  
Or a new start

Am I half the man  
That I said I was?  
If I promised that  
Why didn't I show up?

Lay me down tonight  
With your broken heart  
Baby wants results  
Or a new start

Can I swim across  
This faded atmosphere?  
I'd say anything  
Just to keep you here

Lay me down tonight  
With your broken heart  
Baby wants results  
She said she wants results  
Baby wants results  
Or a new start
