Satellites  
Flashing by  
It's a beautiful state were in  
But how can we love in isolation  
Think how happy we can be  
When we just try

When nothing like we seem  
Passion in words are never spoken  
You don't know how I bleed  
When I leave your side

In your eyes  
Love's alive  
You've come untied  
Cause we're flashing by  
Like satellites  
Satellites

Take all the rules away  
How can we live if we don't change  
We're always on display  
Let's run and hide

In our eyes  
Love's alive  
We've come untied  
Cause we're flashing by  
Like satellites  
Satellites

Satellites  
If we don't communicate  
We'll exist in our own space  
We have all the love we need  
While we're apart I cannot breathe

Satellites  
Flashing By  
Satellites
