Title : Behind my window

[verse 1]

Sitting behind my window,
-watching time fly by.
Everyone's so happy,
-it makes me wanna cry.
The devil rests on my shoulder,
-he laughs at my pain.
For some, life's sunshine,
-for me it's rain.
I'm already watching the rain of fire,
-in my box, all alone.
I'm already being punished,
-in a world of my own.
Longing for freedom, for love,
-will someone complete me?
Noone's responding to my wish,
-why not just delete me?

[refrain]

Torture me, please torture me...
Ohh torture me 'til I bleed!

Torture me, resourcefully...
Ohh torture me 'til I bleed!

[verse 2]

Sitting behind my window,
-watching rain come down.
If anyone would say "I love you",
-I'd give him my crown.
In my box it's always cold,
-a heart never lie.
Maybe I could rip my throat,
-I would finally.
But still driving around,

-without a single goal.
I'm cold inside but burning,
-can you buy me a soul?
Stuck here in the cold inside,
-a frozen throne.
None's ever been here,
-a place of my own.

[refrain]

Torture me, please torture me...
Ohh torture me 'til i bleed!

Torture me, resourcefully...
Ohh torture me 'til i bleed!

[verse 3]

Outside the window there's light
-but here it's dark.
I'm never getting outa here
-the devil's mark.
I'm swimming in a pool
-the pool of misery.
I'm drowning, not breathing
-it's stuck to me.
