"Fall In Line"

If you're sitting down on your feet
Let's wake up those who are asleep
March on, left to right to left again
Our feet
In sync to this rhythm
Conducted by the hand of the saving One
Report, fall in line, big mission with little time

Salute, stand tall, with one voice answers the call

[Chorus:]

Hear us say Jesus
Where are we while the world caves in? Are
We showing love or hate, are we enemy or friend
What was black and white has now turned grey
Let's right this wrong with
Love today. Stand our ground but with a helping hand

[Chorus]

So sing it out now, with one voice loud and clear
Sing
Hallelujah, for our Redemption's near

[Chorus]

It's time for us to stand up and speak the truth of His
love
It's tim eto
Let the world we know we've got something to say
It's time for us to lift our hands until the world
understands
Jesus
The reigning King is alive and well today.
