Seeds of Life

(Written by Kirk McLeod, arranged by Seven Nations)

Ooh how my mind moves to green when I close my  
eyes

Because green is the color of life, life I'm denied

Seeds of hope, seeds of faith

Will you grow, grow to escape

Prison walls and grow greener

And carry me far away

Ooh how the time moves so slow while my garden  
grows

But hope's my companion, time without, well often I've  
known

Well I won't, and I will

And I won't, I won't stop until

You grow strong, and grow greener

And carry me far away

Carry me far away

Take me and then arrest me

Take me, don't leave me long

Don't

Seeds of hope, seeds of faith

Will you grow, grow to escape

Prison walls and grow greener

And carry me far away

Carry me far away
