Verse 1:

I went back to the park where we used to sit and talk for hours.

We'd laugh and make our plans. We swore that we'd be friends forever.

But oh how things change. Did you see this coming? It caught me off guard.

I never thought I'd see you forsake your first love.

Chorus:

It's been such a long long time since we have talked.

It's been such a long long time since we've seen eye to eye.

We used to feel the same. It's obvious to me:

We dreamt the same dreams but now you're awake

But I'm still sleeping.

Verse 2:

Winter's in the air and the wind it stings like ice, or

Maybe those are just the tears freezing in my eyes. I

Wish I could see you and tell you nothing's changed.

The God you once loved with all of your heart

Stayed the same, stayed the same, stayed the same

Chorus

I'm still sleeping X3
