Sometimes when this place gets kind of empty
The sound of the breath fades with the light
I think about the loveless fascination
Under the Milky Way tonight

Lower the curtain down in Memphis
Lower the curtain down all right
I've got no time for private consultation
Under the Milky Way tonight

Wish I knew what you were looking for
Might have known what you would find

And it's something quite peculiar
Something that's shimmering and white
That leads you here and despite your destination
Under the Milky Way tonight

Wish I knew what you were looking for
Might have known what you would find
Wish I knew what you were looking for
Might have known what you would find

And it's something quite peculiar
Something that's shimmering and white
That leads you here and despite your destination
Under the Milky Way tonight

Wish I knew what you were looking for
Might have known what you would find
Wish I knew what you were looking for
Might have known what you would find

And it's something quite peculiar
Something that's shimmering and white
Leads you here and despite your destination
Under the Milky Way tonight

Under the Milky Way tonight
Under the Milky Way tonight
Under the Milky Way tonight
Under the Milky Way tonight
