No i never drink my poison  
No i never let you see  
No i never drink my poison  
Unless it's good for me  
No i never ponder confusion  
Sit around and wait to see  
Or watch the outcome of a certain situation  
I had in mind for eternity  
Yeah it's up to me  
What will be is up to me  
No i never make a choice unless it's got to be  
And i never give a reason  
No i never sink my teeth in  
No i never take a bite  
No i never sink my teeth in  
Unless i feel the right  
No i never play the jokerman  
Sit around and wait to see  
Or watch the outcome of a certain situation  
I've had in mind for eternity  
Yeah it's up to me  
What will be is up to me  
No i never make a choice unless it's got to be  
And i never give a reason
