Finally I am wrong and it's over now
Seems so quiet no one's screaming
Should I fake a song, I'm not quite sure how
Seems so quiet am I dreaming

I've seen good times turn to bad times fast
Never meant to hate them
I've seen good days vanish into past
And I can't create them

It's a Borderline to another life
Life's so crazy, can't we make a brand new start

It's another day, I've been sleeping in
Won't you come and tell me something
One more week in bed, one more shot of gin
Your whole life amounts to nothing

I've seen good times turn to bad times fast
Never meant to hate them
I've seen good days vanish into past
And I can't create them

It's a Borderline to another life
Life's so crazy, can't we make a brand new start

It's a Borderline, to another life
Life's a borderline now, there is no light

I've seen good times turn to bad times fast
Never meant to hate them
I've seen good days vanish into past
And I can't create them

It's a Borderline to another life
Life's so crazy, can't we make a brand new start

It's a Borderline, to another life
Life's a borderline now
There is no light
There is no light

There is no light
There is no...light
There is no....
