Dawn's First Light... Breaking through the window
I reach out my fingers brush against an empty pillow
I can taste your smell still lingers, in my mind and
on my bed
Even though you're gone.... you're still inside my head
We were Young, We didn't know, we were young

Wondering if you're looking at the same sunrise as me
It's hard to think never again that we will ever be
The hole you left inside my mind will never go away
The emptiness inside my heart is leading me astray

We were Young, We didn't know, we were young

Invisible Angel.... You used to be with me
Invisible Angel.... Now I finally see
Depending on you, was the worst thing I could do
Invisible Angel.... I am free of you

Invisible Angel.... You used to be with me
Invisible Angel.... Now I finally see
Depending on you, was the worst thing I could do
Invisible Angel.... I am free of you

I am free of you (I am free of you)
I am free of you (I am free of you)
I am free of you (I am free of you)
