Ooh
I was up all night
Trying to figure out
What life's all about

One thing is for sure
There should be a cure
To what we're going through right now

Come on baby
There's too little time
For us to fall apart
There's too little time
Let's get back to the start

Ooh

I walk through my day
Trying to get away
Thinking 'bout the things you say

In my memory
I still disappear
Of what'll become of you and me

Come on baby
There's too little time
For us to fall apart
There's too little time
Let's get back to the start

Come on baby
There's too little time
There's too little time
Let's get back to the start

There's too little time
For us to fall apart

There's too little time
Let's get back to the start
