(Verse 1)

She told me off yesterday
she said that I was acting crazy
And I dont know why this isn't a fairytale
cause this love didnt go down the right trail

(Chorus)

BROKEN HEART

This love was a broken heart
She didnt love me from the very start
And I kknow this love didnt make it through
Because you didnt love me too

(Verse 2)

You told me to meet you at your place
You had a frown on your face
And I know this was wrong
We werent gonna be together for long

(Chorus)

BROKEN HEART

This love was a broken heart
She didnt love me from the very start
And I know this love didnt make it through
Because you didnt love me too

(Verse 3)

I drove home sad and grey
I knew that was it for the day
My life just hit a cliff
And My herat is so stiff

(Chorus)

BROKEN HEART

This love was a broken heart
She didn't love me from the very start
And I know this love didnt make it through
Because you didnt love me too

oh yea you didnt love me to

This Love was a broken heart
She didnt love me from the very start
And I know this love didnt make it through
Because You didnt love me too
Because you didnt love me too
