Title : Upside Down Street

(verse one)

I've been running around
this man bound for glory
were on the last page of this story
but still your yet to come back and...

(Chorus)

Im waiting on an upside down street
With the music playin in the back seat
Now I Know That this isnt the end
You and I are going round the back bend
goin house to house likes its a trick or treat
But im still waiting on an upside down street

(verse two)

Well this is me, and this should be
the last time I see,you and me
Well ive been watching riding the train
seein you with him its bringing me pain and I...

(Chorus)

Im waiting on an upside down street
With the music playin in the back seat
Now I Know That this isnt the end
You and I are going round the back bend
goin house to house likes its a trick or treat
But im still waiting on an upside down street

(Verse three)

See, weve been born in this small town
Waitin till I recieve that crown
Its too late to back down now
So I hear were headin Downtown and I...

(Chorus)

Im waiting on an upside down street
With the music playin in the back seat

Now I Know That this isnt the end
You and I are going round the back bend
go in house to house likes its a trick or treat
But im still waiting on an upside down street

on an upside down street
on an upside down street
on an upside down street
on an upside down street oh yea
