### "Super Sexy Market"

I got something fresh in mind  
It's brand new baby it'll blow your mind  
Hop in get back and go for a drive  
Down to the super sexy market alright

I'm gonna work you babe  
Gonna work you till you scream non-stop  
We'll pull over and drive into  
The super sexy market parking lot  
Oh yeah baby  
Oh yeah baby yell  
It's a super sexy market  
And I like it and I like it a lot

I'm going out tonight  
I'm gonna hit it big find something I like  
Wait a minute

I'll go see what I can find  
There's this girl a thing a beauty  
Now make her mine

Make her mine(x3)

Then you whisper something to me  
That I do not like - now take it back  
You whisper to me something that I like  
But you will not take it back
