(Playa fly)

This for you groupies who knew me

Or better yet who done crossed me

I toss a coin to your life

'cause ain't no hata gon' stop me

A quarter mile we done ran but I can keep up on feet

We platnum bound on you clowns

But still we loved on these streets

A rough rida most likely with lubricated rap tight

In it to win it the beginning and the end

Thats life

Never last cause I'm first

901 puttin' my work

I think it hurts for this verse

Stop poking me cause it hurts

Now I done took all I can my granny stays on my ass

With regulations and rules without my moms and dads

And plus my kids gotta eat thats why my freedom must speak

Gon keep me 10 toes and knees untill I'm soaked up in cheese

And to my enemies choke a slug and to my slang bang
flowwers

Keep on showin love untill you next up or you catch up
on the t-u-b

Cause we gon represent untill the day they bury me

(2nd verse)

This for you jacks who be hatin'

Who wanna play in my station

I land a standing ovation

Cause im down with the nation

A tay away in the shocka

Make a sucka get hotta

Fly gon do what I gotta

To melt you lemons like lobba

If you can stand like a man

then fly gon give you chance

But since you cant so flizi aint

and me a gansta a hand

We trackin trizack for track

We pop with love on our back

We wakin' shakin' mind is makin'

And we aint turnin' back

With adversarys out platnum

Fat pockets out fatten 'em

Gold and silver may be nearer

But we planin' on platnum

You pinchin' up on the strip
I pinch the blood from my lips
And fly don't dig what they done dug
But that dont mean I ain't hip
I let my enemy slip
I take advantage of error
My territory forever
With hammers cocked back with terror
Minnie may mafia
with taylor baby to tough nobody needed nobody
And we aint fuckin' with cuz
So could you keep to yourself
Cause we ain't sick in no health
This playa's family and this Gangstar
All this playas got left
And I cant be sellin' them out
For a bigger car and a house
You keep that shit in your pocket cause I've been doin'
with out

YOU BITCHES

Chorus:

Nobody needs nobody
all I need is me and my dog
niggas so fuck all of yall niggas

(repeat 4x)

(3rd verse)

Back nigga who it but betta I get more chettah then
cheddar

I take the wu out of tang and a g-rated sounds betta

I drain more harder then draino kick you harder then
Kano

Take the life out the living for all you suckas that follow

See tomorrow got more then Arab stockin' in store

I take the B out of blow so you can hit it some more

They say we vicious like this so quick to get in yo shit

And when she click on the trick

you like I'm lovin this shit

We havin' fun with this one

You see the look on my son

You know what daddy done done

Done turned some trix with some crum

I got enough on the needy

And if you like me come meet me

and if you dont, dont come to me

You might be leavin' the dump

Rack up and toughen the cut

When lil fly step on your gut

We see your facial expression

If you must lose You'll get buck

But see you all tied up and cried out

But we still dirty south fried up and bumpin out

It aint no doubt many clout what you shout ?

Hide your mouth

Playa fly gangsta B Gangsta weed and we out

And we out

I rather please you then tease you

Please dont make me decease you

I believe instead of having you dead

I rather lyrically beat you

Have you heard of the sign

And see some shame in your eye

And when you "b" hit the street

You got the shitty look now

And you cant wash it away

Cause on your face it will stay

Fly done gone off on the south

So get the fuck out my way

And flizi dusting you rascals

Who constantly giving me hassles

Graduated wit game

So to the right turn my tassal

When them playas from South Parkway

Funking smoking plenty phi

Aint no love shown but to those who down till we die

Down don't stop us

In the crowd we be rocking

A lot of place causing quakes

And many twizzles we dropping

We aint taking violations

We taking over the planet

You rather be crossing your bosses

Then fucking with a playa goddamn it

I be in it to win it before you 'bout it

Im out

And I be in to the finish

And I've been doing without

YOU BITCHES

Chorus repeat to fade
