"Betrayed"

I am empty while in your grasp
You touch lives, watch morality collapse
Relationships are bruised and battered
I'll alienate all that really mattered
Chorus:
My heart is breaking
Your Love is fading
Secretly you hate me
You betray me
Betrayed
I know that I should stay away
Warring members cause me to fall astray
I know it's time that I take a stand
Father will you please take my hand
Chorus:
My heart is breaking
Your Love is fading
Secretly you hate me
You betray me
Betrayed
Temptation, Conception, Completion, Frustration
Formula used to destroy a nation
Lie, Cheat, Deceit, Defeat,
This is the formula that deceived me
My Love, Has betrayed me
My Love has left me
My Love, Has betrayed me
My Love does not love me
I'm tired of deception, I'm tired of your lies
I'm not your possession, I'm not your prize
Betray me once, betray me twice
You've played me for the last time
