If youre sitting down get on your feet
Lets wake up those who are asleep
March on, left to right to left again
Our feet in sync to this rhythm
Conducted by the hand of the saving One

Report fall in line, big mission with little time
Salute, stand tall with one voice answer the call
Hear us say Jesus

Where are we while the world caves in
Are we showing love or hate, are we enemy or friend
What was black and white has now turned grey
Lets right this wrong with love today
Stand our ground with a helping hand

Report fall in line, big mission with little time
Salute, stand tall with one voice answer the call

Hear us say Jesus
We got something to say, got something to say
Hear us say Jesus
Is alive and well, alive and well today

Halle Hallelujah
Halle Hallelujah
So sing it out now, with one voice loud and clear
Sing Hallelujah, for our Redemptions near

So sing it out now, with one voice loud and clear
Sing Hallelujah, for our Redemptions near

Hear us say Jesus
Hear us say Jesus
Were not messing around

Its time for us to stand up and speak the truth of His
love
Its time to let the world know weve got something to
say
We got something to say
Its time for us to lift our hands 'til the world

understands

Jesus the reigning King is alive and well alive and well
today

Jesus the reigning King is alive and well alive and well
today

So sing it out now, with one voice loud and clear
Sing Hallelujah, for our Redemptions near

So sing it out now, with one voice loud and clear
Sing Hallelujah, for our Redemptions near
