In a little while I will go for you, in a little while I will bleed for you. In a little while I will hang for you, in a little while I will call for you. You, I only want to spend my time with you. I cracked my skin so I could be with you. I made the world to stop it just for you, I want to be with you. There's a little place that I will build for you.

There's an empty space that I will fill in you. You, I only want to spend my time with you. I cracked my skin so I could be with you. I made the world to stop it just for you, I want to be with you.
