you're a long time dead
so i'll forget that you said
if i can't have you
nobody can have you
nobody can have you
nobody can have you

i think you stopped learning
cause you think you know everything
and you do

your a long time dead
so i'll forget that you said
if i can't have you
nobody can have you
nobody can have you
nobody can have you

was it off the top of your head
did you mean what you said
do you like me enough
do you like me because i can't have you
nobody can have you
was it off the top of your head
did you mean what you said
do you like me enough
do you like me because i care

i think you stopped learning
cause you think you know everything
and you do

your a long time dead
so i'll forget that you said
if i can't have you
nobody can have you
nobody can have you
nobody can have you

Was It off the top of you head
did you mean what said

do you like me enough
do you like because I can't have you
Nobody can't have you

Was It off the top of you head
did you mean what said
do you like me enough
do you like because I can't have you
I can't have you
I can't have you x3

Make your mind up

if i can't have you
nobody can have you
nobody can have you
nobody can have you

Was it off the top of your head
Did you mean you said
Do you like me enough
Do you like me because I can't have you
Nobody can have you
x2
