Turn and walk away refuse to listen
Don't want t hear the words that open eyes
Chorus:
Can't stand it , It kills me inside
My love for you I cannot hide
I will not shy away from the pain you inflict
God help me I'm love sick
Scars remain on my heart and my fists
God help me I'm love sick
Turn and walk away from your friend
I'll take nothing away from you
Chorus:
Can't stand it , It kills me inside
My love for you I cannot hide
I will not shy away from the pain you inflict
God help me I'm love sick
Scars remain on my heart and my fists
God help me I'm love sick
The words that I speak all seem to fall to the earth in
vain
Stretched thin you've used me up still it's never enough
Chorus:
Can't stand it , It kills me inside
My love for you I cannot hide
I will not shy away from the pain you inflict
God help me I'm love sick
Scars remain on my heart and my fists
God help me I'm love sick
