I thought you had left me
You're here again I see
You're here to tempt me with your lies
I turned from you
I thought that we were through
Here you are again with me
Chorus:

This fight will never end until I die
This fight is not my own, in Him I rely
This fight is not the end of me
This fight will only end in my victory
You wait until I'm weak
From the shadows you creep
You prey on my shortcomings
If not that sin than this
I betray with a kiss
I won't give in to you

Chorus:
This fight will never end until I die
This fight is not my own, in Him I rely
This fight is not the end of me
This fight will only end in my victory

Breakdown:
I was born as a slave to you.
Don't understand what I do.
The Things I desire, I do not do.
What I hate is what I do.

I'm not a slave
You've lost again
I'm not a slave
New life begins

Chorus:
This fight will never end until I die
This fight is not my own, in Him I rely
This fight is not the end of me
This fight will only end in my victory
