When answers aren't supplied  
I look and ask why  
You're there when I despair  
In the dark when no one cares  
I need your tender touch  
I need you so much  
You bring me comfort  
You come and kiss away the hurt  
Chorus:  
My everything  
You're my everything  
Release my pain  
Come my everything  
Everyone needs a friend like you  
Someone to turn to  
A shoulder to cry on  
A chest to lie on  
You've proven yourself to me  
Continue loving humanity  
Never keeping score  
I won't doubt you anymore  
Chorus:  
My everything  
You're my everything  
Release my pain  
Come my everything  
Winds may blow, but I won't turn away  
People may pull, I don't care what they say  
Let people know, that you are the only way  
My heart is full  
Chorus:  
My everything  
You're my everything  
Release my pain  
Come my everything
