"Stand"

Open before you; the landscape of life
Vibrations shake your feet
Flashes over the horizon
As you chase what you seek
Dark parlous valleys
Lying in your way
Darkness surrounds you
And questions come with every step you take
Chorus:
The battle Rages on
Stand and be strong
Concussions shake the Earth
As smoke billows over head
Feeling beat and tired
Sometimes praying for death
Explosions ring your ears
From battles waged in life
Cling to your convictions
Preservation will keep you alive
Chorus:
The battle Rages on
Stand and be strong
Bridge:
Breath the breath of life
Speak to me assurance
those words I hide
Those words bring endurance
Chorus:
The battle Rages on
Stand and be strong
