Mission Given

The heart forgotten

How can tradition answer for our lives

Pre-Chorus:

When will we begin to see

That we created our own disease

When we lost our love for humanity

We've all lost sight

The focus of our human frailty

Chorus:

When vision is lost we search for a reason to exist

If we return to the cause we'll find what's lost

Through the motions of dead liturgy

A celebration

While others slowly die

Pre-Chorus:

When will we begin to see

That we created our own disease

When we lost our love for humanity

We've all lost sight

The focus of our human frailty

Bridge:

Fragile lives we are

In need of someone to come to our rescue

Helpless souls wander

In dark realities

Until days light shines

If we lower ourselves

We will see the rain fall from heaven and mend
the broken pieces of

Of our world

And tears will fall

Defenses fall

Offenses fall

If we would love

The tears will fall

Grace covers all

If we would learn to love

Why can't we learn?

Chorus:

When vision is lost we search for a reason to exist

If we return to the cause we'll find what's lost
